

Central York High School

601 MUNDIS MILL ROAD
YORK, PA 17406
717-846-6789

April 8, 2019

Dear Parents/Guardians:

The Pennsylvania Department of Education requires that all students in Algebra I, English II, and Biology take the Keystone Exam upon course completion. The Keystone Exams are used as one of the options to meet graduation requirements for the class of 2022 and beyond. PDE has also provided alternate pathways to meeting graduation requirements. Students currently taking Algebra I, English II, and Biology will be taking the Keystone assessment in May 2019. Please see the below schedule for specific dates. In preparation for the Keystone assessment, the district and high school have implemented a Pennsylvania Common Core aligned curriculum, embraced best practice teaching methodologies, and provided curricular interventions.

Additionally, Central requires that all students who did not achieve proficiency on their first attempt take the exam a second time. Students who scored basic in Algebra will take the Keystone again after they complete Algebra II or Integrated Algebra II. Students who scored basic in Literature will take the Keystone after English III. Students who scored basic in Biology during the winter can retake in the Spring of their junior year. The Keystone Exam results are reported for individual student, school, and district progress.

For further information regarding the Keystone Exams, please visit the Pennsylvania Department of Education's Standards Aligned System website at www.pdesas.org. To learn more about graduation requirements, please visit the Pennsylvania Department of Education website at www.pde.state.pa.us.

Parents/guardians who do not wish to have their child tested because of religious reasons or have specific questions regarding Keystone Testing should contact Mr. Hamme, High School Administrator, at 717-846-6789 x 1308. Should you have remaining district level questions, please feel free to contact Mr. Grove, Assistant Superintendent, at x 1210.

Sincerely,

David A. Czarnecki, Ed.D.
Associate Principal
